TURBOCHEF

Open Kitchen ensures your equipment stays at peak performance with real-time tracking, easy recipe updates, and maintenance alerts before downtime can occur. Cut costs and improve efficiency across every location with Open Kitchen.

Easily integrate your equipment by plugging in the included ConnectWare module and enjoy 1 free year of Open Kitchen!

Renewal Price: $125 per equipment model

FEATURES

- Wirelessly track oven performance metrics: temperature, cook-face status, and cycle times for reliability and consistency.

- Distribute recipes centrally across locations (with no thumb drive needed) to swiftly launch menu updates and limited-time offers.

- Get maintenance alerts when door seals, sensors, or fans deviate from expected patterns.
